

WRA 15 May 2022 - John Goldsmith Photographs

Keen club member and talented photographer John Goldsmith also made it to the event...despite housing a hex key in one of his car tyres. I'm glad he did make it, and that a number of good ol' boys resolved the tyre issue to enable him to get home to Bury afterwards.

Happily, John took a picture of the aircraft in the 'beauty pageant' line-up. Still not the complete line-up, but the best I have found so far.

John was the only one to capture Peter Jenkins' F3A demonstration flight for posterity:
